In particular, we pay and receive retrocessions from many introducing brokers and stock brokers for transacting stocks, CFD's, futures, bonds and currencies for you. These arrangements are designed with your best interests in mind. The percentage we receive may vary depending on the total clients' investments executed. These payments are normally in the range of 0.01%-2.0% of value of the investments executed. Further details are available on request.

- j) You accept unreservedly that whilst **Investors Europe** may in good faith assist you in your investment decisions, the ultimate decision (and the consequences thereof) will always be yours and yours alone and that **Investors Europe** can give no guarantees of performance on any products that you have executed through **Investors Europe** where **Investors Europe** may have assisted you in same.
- k) While **Investors Europe** may, on a daily basis, advise on and deal and arrange deals in readily realisable securities, options or other derivatives, **Investors Europe**, and its agents, will provide no legal, tax or investment advice in connection with your account. You agree to obtain your own investment, legal and tax advice from a qualified professional (or to assume the risk of not so doing) with respect to your use of the Services. If, for any reason, you are not satisfied with the services rendered to you, you should first attempt to resolve the issue directly with the company employee(s) concerned. If not resolved to your entire satisfaction, you should thereafter contact the compliance department who will conduct an investigation into the issue and revert to you in writing.
- l) All transactions you make pursuant to this agreement will be subject to the constitution, by-laws, rulings, regulations and customs of the exchange or market (and its clearing house, if any) where the orders for such transactions are executed. You agree that, where relevant, **Investors Europe** may have access to your settlement account at your depository bank to settle any trades that you may have made through **Investors Europe**.
- m) All trades conducted by you will be on a cash basis; if upon the purchase or sale of any security **Investors Europe** is unable to settle the transaction by reason of your failure to make payment or deliver the securities, you will reimburse **Investors Europe** for all related costs, losses or liabilities.
- n) Should you become indebted to **Investors Europe** for any reason, you will repay such debts forthwith. You agree that failure to promptly pay such debts will give **Investors Europe** the right to close all your trading accounts and to settle any such debts and margins through your settlement bank, clearing facility or any accounts held with or introduced to **Investors Europe**. Should you only pay part of such debts you shall be liable to **Investors Europe** for any difference still owed.
- o) Any expenses on **Investors Europe's** part in connection with replies to inquiries by public authorities, pursuant to national or international or intergovernmental legislation, will be recharged to the Client. Any expenses incurred by **Investors Europe** in connection with auditors' comments and/or reports, certifications or documentation requested or statutorily required by and for the client or in line with international legislation such as FATCA/ CRS, will also be recharged.
- p) If you require trading information and statements to be sent by Email, any and all such communications sent to you at the e-mail address you disclose on this application, shall be considered delivered to you personally whether you actually receive them or not. If you do not notify **Investors Europe** in writing of any errors or objections to any trading information or statements within 7 days from the date of physical execution or of a statement's digital imprinting, mailing, emailing or faxing, you agree that the information shown shall be deemed to be accepted as correct by you, notwithstanding that specific acknowledgment or acceptance is requested by the Company from you but none is given, and **Investors Europe** shall be released from all claims in connection with this information or any action taken or not taken by **Investors Europe** regarding your trading account. - r) If you receive execution reports and statements directly from your online trading platform, rather than from **Investors Europe's** back office, you accept and acknowledge that **Investors Europe** may be working with third party software technology and third party trading platforms and will not send any trade execution information or statements as this will be provided to you by your own trading platform and it will be wholly incumbent on you to confirm the validity and correctness of the trading platform information provided to you and you agree to hold **Investors Europe** and its agents, affiliates, officers and employees harmless from any claim, demand or damage arising thereof. **Investors Europe** will facilitate information, execution reports and statements for these platforms at your request by liaising with the platform and software supplier(s) and will actively support you and generally help in good faith to resolve any issues with executions & statements on your online trading platform.
- s) **Investors Europe** has the right at its sole discretion to close positions or any part thereof at any time, with or without notice, if the Company deems it necessary for its own protection. A position may be closed in such a manner as the Company deems appropriate.

Client money and client assets will normally only be deposited in a client transaction account outside Mauritius, in the UK, and you may notify **Investors Europe** in writing that you do not wish your money to be held in a particular regulated jurisdiction. In such circumstances your money may be held in a client transaction account in a regulated jurisdiction to which you do not object. Where client money is held in a client transaction account outside Mauritius it will be held subject to the regulatory requirements of that relevant jurisdiction, and it will not be held subject to Mauritius Financial Regulations. Where, for example, client money and client assets are held in the UK, they will be held in accordance with the UK's FSA Regulatory Framework and you, as our underlying client, may be covered by the UK's Investors Protection Scheme, the FSCS (<http://www.fscs.org.uk/>). In such circumstances, the legal and regulatory regime applicable to the end broker where the client money is held will be different from that of Mauritius, and in the event of a failure by that broker, client money may be treated differently than would be the case if the client money were held by a broker, settlement agent or counterparty in Mauritius and that broker may reserve the right of set-off or counterclaim against money held in a client transaction account, in respect of any sum owed on any other account.
- u) The Company will be entitled, in the absence of specific instructions from the Client, to take such or no action as it thinks appropriate or necessary in relation to takeovers and other offers and to the exercise of conversion, subscription or voting rights or any other privileges conferred by such investments. **Investors Europe** shall have no responsibility or liability of any kind whether in negligence or otherwise by reason or in consequence of its acting or not acting.
- v) **Investors Europe** shall not be liable for any loss however caused, whether directly or indirectly, by government restrictions, by exchange or market rulings, the suspension of trading, wars, strikes, terrorism or by reason of any other fact that is beyond the control of **Investors Europe** or any agent or employee of **Investors Europe**.
- w) You agree to bear any margin or foreign currency exchange risk arising from any transaction effected pursuant to this Agreement.
- x) You agree to bear any administrative **Investors Europe** costs related to claims, transfers or any transfer costs or levies by banking, settlement institutions or fiscal authorities in the countries you trade or have traded when transferring monies and/ or financial products to or from your account(s) at **Investors Europe**.
- y) **Investors Europe** is not liable for any penalties, fines, brokerage or other external administrative liabilities incurred by you in relation to the Services provided.
- z) **Investors Europe** may modify or discontinue its services or any part of them at any time, and these services may be periodically unavailable to allow for systems maintenance and updates. **Investors Europe** shall not be liable for delayed or discontinued services.

comparatively modest deposit or margin when compared to overall contract value. As a result, a relatively small market movement can result in substantial loss exceeding your original investment.

6. If you take (buy) an option, your risk in most cases will be less than trading in futures, spot or forward foreign exchange since you should not lose more than the premium you paid plus any transaction charges.
7. If you grant (sell) an option your risk of loss may be as great as your exposure in trading futures, spot or forward foreign exchange since you carry the risk of unlimited potential loss which, following a relatively small adverse market movement, can exceed the premium payment received by you for granting (selling) the option. Moreover, you may have no control over when you might be required to exercise the option. Only experienced traders with substantial capital should contemplate granting options.
8. There are many different types of options and you should discuss with your broker, your investment requirements and the risks involved in entering such contracts, before committing yourself.

This brief statement cannot disclose all risks of investments in options, futures, forward contracts, CFDs and foreign exchange markets. They are not suitable for many members of the public and you should carefully study such investments before you commit funds to them. They may also have fiscal consequences and on this you should consult your lawyer, accountant or other tax adviser.

Best Execution Policy

General principle

Best Execution refers to our obligation as a firm to execute orders on behalf of customers to ensure that the prices those orders receive reflect the optimal mix of price improvement, speed and likelihood of execution. This policy describes Investors Europe Limited's (IEL's) approach to best execution and describes the main factors that IEL evaluates to determine the best way to execute an order on behalf of the client. It applies both to retail and professional clients as defined in IEL's general terms and conditions.

Best Execution In Practice

We will take all care to obtain the best possible result for our customer with reference to price, costs born by the customer, size, nature of the transactions, time of reception of order, speed and likelihood of execution and trading venue taking into account the state of the relevant market(s).

The relevant market(s) shall be deemed to be the market(s) offering the most favourable trading conditions also in terms of transparency, liquidity and clearing and settlement arrangements in connection with the envisaged transaction. If IEL executes in another trading venue, we will demonstrate that this has been done in accordance with the customer's best interest.

IEL will act with due skill, care and diligence and will pay due regard to its customer's interests – selecting the most opportune time to execute the customer order. We will endeavour to take reasonable care to ascertain the price which is the best available for the customer order in the relevant market at the time for transactions of the kind and size concerned

We shall pass on to the customer the details of the price at which the trade was executed to meet the customer order.

Where a customer order is subject to a special condition we will disclose any additional cost involved in satisfying the special condition or in respect of the non-standard element.

An example of when IEL will take particular care to assess the timing of execution of all or part of a current customer order includes when:

- We receive a customer order outside the normal trading hours of the relevant market or trading platform with a view to executing that customer order on that market or other trading platform;
- A foreseeable improvement in the level of liquidity in the relevant designated investment is likely to enhance the terms on which the firm executes the customer order;
- Executing the customer order as a series of partial executions over a period of time is likely to improve the terms on which the customer order as a whole is executed.

We may have reasonable grounds for postponing execution of a current customer order in the best interests of the customer. An example would be if the deal is part of an aggregated transaction.

IEL will occasionally execute orders in emerging markets (i.e. markets in countries with one or more of the following characteristics: political instability, uncertainty regarding financial markets and economic growth, developing financial markets and weak economies). It will only do so on behalf of clients who have a thorough understanding of such investments and the risks involved, and who have sufficient funds to assume these risks.

Execution Venues

We have included the list below of the Execution Venues which we believe best meet customer interests for the Best Execution of their orders on a consistent basis. When selecting a venue we have not only taken into account the fees and commissions when under taking a transaction but in addition we have also focused on the quality of execution available on the venue. The list of venues is not exhaustive and execution may occur in alternative venues from time to time provided those venues are consistent with this policy.

These arrangements will take into account any circumstances which may give rise to a conflict of interest arising as a result of the structure and business activities of each and every member of the IEL group.

We will endeavour to disclose the general nature and/or specific sources of conflict with the interest of our clients.

We will keep records of the services and activities performed by IEL in which a conflict of interest has arisen or may arise. These records will be updated regularly. Such obligation may, in some circumstances, be discharged through our Compliance Department with the requirement to prepare, maintain, and implement effective policies to minimise the potential for Conflicts of Interest to arise.
